## **The Globalization of World Politics ( )**

Undermining globalization's huge benefits are distorting interventions of state capitalism from one direction and anxious politics of an increasingly defensive developed world from the other. The poorest countries are most likely to be uncomfortably squeezed by any clash of interests amongst the more developed countries.

...

Globalization affects the political stage by moving away from a national, territorial system and towards a unilateral integrated system. This allows for less focus on independent rights and economies and much greater focus on world events, local crises, human rights and global development, according to Global Policy.
