Economics with MyEconLab makes economics relevant by demonstrating how real businesses use economics to make decisions every day. And with an ever changing U.S. and world economy, the Sixth Edition has been updated with the latest developments using new real-world business and policy examples. Regardless of their future career path—opening an art studio, trading on Wall Street, or bartending at the local pub—students will benefit from understanding the economic forces behind their work.

Shandong University

I used this text at my college last semester for an upper-division course in economics--International Trade and Finance. Overall, it was a well-written, easy-to-read textbook. If I were asked to point out one of its faults, I would have to say that the author could have had, at times, broken the graphs down more simply than he did.

International Economics sixth edition 6th edition ...

3.0 out of 5 stars Thick writing, outdated, but seems to hit the basics of international economics. Reviewed in the United States on May 18, 2013 I have purchased and used numerous economics textbooks, and while this one covers the basic principles, it does so in a way that is difficult to understand.
