Justice Administration Police Courts And

The Administration of Justice is the process by which the legal system of a government is executed. The presumed goal of such an administration is to provide justice for all those accessing the legal system. The phrase is also commonly used to describe a University degree (Bachelor of Arts in Administration of Justice), which can be a prerequisite for a job in law enforcement or government.

Administration of justice - Wikipedia

Criminal justice is the delivery of justice to those who have committed crimes. The criminal justice system is a series of government agencies and institutions. Goals include the rehabilitation of offenders, preventing other crimes, and moral support for victims. The primary institutions of the criminal justice system are the police, prosecution and defense lawyers, the courts and prisons

The police bureaucracy. Police agencies have a bureaucratic structure. The systematic administration of police departments is characterized by specialization of tasks and duties, objective qualifications for positions, action according to rules and regulations, and a hierarchy of authority. Bureaucratization maximizes efficiency.

Police Organization - CliffsNotes

Plainly, criminal justice reform must be a core response to the demand for racial justice given voice in the wake of the killings of George Floyd and Breonna Taylor. If we are to make clear as a society that Black lives matter, there must be a new relationship between police and the communities they are charged with serving and protecting.
