The history of medicine shows how societies have changed in their approach to illness and disease from ancient times to the present. Early medical traditions include those of Babylon, China, Egypt and India. Sushruta, from India, introduced the concepts of medical diagnosis and prognosis. The Hippocratic Oath was written in ancient Greece in the 5th century BCE, and is a direct inspiration for ...

Teachers are certainly not in it for the money and appreciation (because both are in short supply). I think it also needs to be noted that teaching children is one of the most demanding and under appreciated jobs in our country. Teachers are expected to be the parent, nurse, counselor, time keeper, and a multitude of other roles, each day.
